

The GARZETTE

March, 2005

Volume 14, Issue 3

From the President's Desk

David Adcock, KA4KKF

To keep our Special service club status we need to make sure, at least 51% of GARS members are a member of the ARRL. Visit the ARRL web site if your not a member and sign up. Let's go for a 100% signup in GARS.

February is over. The elections were this month. The following people were elected to office.

President	David Adcock, ka4kkf
Vice President	Earl Whatley, af4fg
Treasurer	Dan Keohan, kf4ysu
Secretary	Becca Jubon, w3bec,
Activity Manager	wb4qdx, John Davis

The dog show turned out ok this year. It along with our dues sustains the treasury for events during the year.

Have you been radio active? How about sharing your experiences with the club. You can talk to wb4qdx, John about a program this year.

The club is starting out a new year and the customary positions need to be filled. Is this the year you can be counted on to help? 2005, What does it hold in store for you and amateur radio? You can keep up with the events on the web page at <http://www.gars.org>. Check out the calendar section for coming events. Also if you have info for the club and would like to see it on the web site send it to the web master, wa4zxv, Norm.

The Dalton hamfest is over and I hope everyone had a good time, looks like the weather cooperated.

GARS is looking for a newsletter editor. We need someone to put the GARZETTE together every month.

Contact Norm wa4zxv if you want more information about the job.

Field Day is coming.

See you on the air.

73 till next time

The Garzette is in trouble.

It takes about 4 hours to put together the Garzette. That is after you have all the materials for the content. When you need to gather the content, it takes additional hours. I just do not have the hours. It may not sound like a major task, but it's every month, and with other amateur radio activities, it's just too much.

So what might be the remedy? We need someone willing to dedicate the time each month to produce our newsletter. With close to 100 members, it should not be any problem coming up with about 5 or 6 pages of text. Things are happening at the high schools, other club meetings, ARES, and at your shack. Items from the many Amateur Radio forums, book reviews by members on related publications are possibilities. You might even talk the local ARRL folks into some type of submittal. And there is always that last resort, just use filler from the ARRL.

I do have an alternate option. Let's form a newsletter committee chaired by a club officer. We'll need three news folks. Each would have some responsibility to gather content for the Garzette. One might be local amateur info. Another might be current issues at the ARRL. Another might be member activities (Breakfast, Exec Meeting, Meet and Greet, Monday night net reports). For a while, I would continue to layout and publish the Garzette.

I'm open to suggestions!

GARS Apparel

Several items of clothing that feature our Club logo and/or your call sign are available to Club members. These items include polo shirts, sweat shirts, caps, jackets and other articles. Call sign badges can also be ordered. See Dan Keohan, KF4YSU, at the next Club meeting for a listing of items and their associated costs.

THE GARZETTE NEEDS YOUR HELP

To keep the Garzette up to date and informative, we need participation from club members. We are publishing the newsletter almost every month, and we need local amateur radio activities and items about our membership. You can read about national items on the ARRL web site, or one of the many lists devoted to Ham Radio. We need local activities about our members or our radio community.

Send articles to the editor, [Norm, WA4ZXV](mailto:wa4zxv@arrl.net), .
wa4zxv@arrl.net .

QST *** Contact a Club officer with suggestions for an upcoming meeting speaker or topic.

ARES Moments

Are you charged up for emergency communications (emcomm)?

How about your batteries?

Have you ever wondered about the battery capacity needed to run your radio when commercial power isn't available?

Here's an example from the ARRL emcomm level 1 course for a 24-hour power budget:

Receive current: 1 amp x 24 hours = 24 amp/hours (AH)

Transmit current: 11.5 amps x 4 hours = 46 AH (16% duty cycle)

Total AH = 70 AH

Actual battery (with 50% fudge factor) = 105 AH

That 105 AH of capacity is around 25 lbs in batteries! So the moral of the story is to get more ARES training. Why? You'll learn communication techniques that make every word count – concise, clear, yet brief.

February Meeting Minutes

- David KA4KKF opens the meeting.
- David turned the meeting over to John WB4QXD program manager.
Program for this evening, Susan AF4FO and Sandy W4RU present a program on the ARRL. Additionally Mike K4HBI presented some information on the Official Observer (OO) program.
- David called for Secretary's report: Ken submitted to Garzette.
- David called for Treasurers report:
Dan handed out summary report.
Income: The dog show was \$1,200.00.
Techfest drawing for the 2004 Amateur Radio Handbook \$50.00. Proceeds from the drawing go to the scholarship fund.
Expenses: Reserved park for Field Day \$30.00
- David asked for a repeater report.: Eddie the repeaters are working normally. We need a Auburn site manager for a repeater receive site. Location Highway 8 water tank. We need power supplies.
- David called on Jack. Jack is also a member of the Stone Mountain Treasure Hunters Club. At the Techfest Jack collected names for a drawing to win a framed display of Civil War bullets. The frame was made from old wood from a barn. The winner was Michael WA0WQI.
- David asked for Membership applications: None.
- The nominations should be printed in the February edition of the bulletin for the nominations in the January meeting. The February Garzette did not go out. Elections were held acknowledging an exception.
- The nominees were: David - for President , Earl for Vice President , Becca for Secretary, Dan for Treasurer and John for Activities Manager.
David opened the floor for nominations. There were none.
Mike moved that the nominations be closed. Scott seconded that the nominations be closed. Stan requested to amend the motion and all those nominated be elected by acclimation Scott seconded.
Stan - Call for the question means bring it up to vote.
David – Call for a vote. The motion was by acclimation all those in favor.
Approved by voice vote none opposed.
- David – We need some land for the trailer. We need to move it. It has been at it's current location for about four years. The trailer is 8' x 24' painted white. It is moved by a flat bed wrecker. Other wise we will need to rent a storage place and get rid of the trailer. If you know anybody that could store the trailer let any office know and we need it by March 1st.
- Stan -We need elmers for the new folks in the club. Someone assigned to help them through maybe the first couple of months.
- Newsletter editor – We need someone.

Meeting Minutes Continue...

- Repeater chairman Eddie will continue as chairman.
- We need a Membership chairman – every month run a program and send a letter. New people get An application and a new member pack. We are working on a new pack.
- Ken – Where are we with the post cards? Norm – Cards are ready to go out. He needed a permanent location. A sample was printed on the Garzette.
- Susan – Question on scholarship. It wasn't talked about in the newsletter.
Ray – on the paper work the mailing address was missing.
David – Your right it's not there.
Steve – I would like to make a motion that we redo the application with the address.
David – the deadline is over there will not be a scholarship this year.
Sandy – why don't you let the ARRL administer it. You can set the specifications.
David – We will have the committee that does that look into it.
- John – Activities Chairman looking for a Field Day chairman. Chairman doesn't have to do everything. He is a coordinator, the documentation exist on what needs to be done.

Executive Committee Meeting

All interested individuals are invited and encouraged to attend the monthly Executive Committee Meeting. Presently, these gatherings occur one hour in advance of the regular Club Meeting. The location is in a classroom immediately near the Club meeting space.

Several years ago these Ex. Comm. meetings were instituted for the purpose of saving more time in our Club meetings for "radio talk" verses the business of the Club. To that end, they have been successful. However, some members enjoy ALL aspects of the Club, and as such, are encouraged to come, participate, share insights and opinions! We will all be benefited by the sharing of ideas & experience.

For the latest Club news, visit the GARS Website at:

<http://www.gars.org>

Recurring Calendar

- GARS Monthly club meeting is the 2nd Tuesday of the month at 7:30 PM. Check the Web Site for Location.
- Every Monday at 8 PM local time: GARS Want, Swap, Sell, and Information Net on the GARS 2 meter repeater
- Every Wednesday at 9 PM local time: GARS 6 meter net on the GARS 6 meter repeater
- Every Saturday at 8AM local time: GARS Weekly Family Breakfast, Golden Corral Restaurant, Riverside Drive, Lawrenceville
- 15th of each month: Deadline for submittal of articles for the following month's GARZETTE

GARS Elmers

Many of us Hams got interested in the hobby (service) as a result of some influence an experienced Ham had on us. The GARS organization is blessed with a lot of talented members that are willing to share their knowledge. The following list is made up of those individuals willing to serve as Elmers. Hopefully, this list will grow, and in time, maybe we'll get more who are willing to add a particular area of expertise.

KF4KSE David Moon (770) 279-9924
mobile radio installation

KG4IUM Andrea Hartlage (770) 963-2715

BPL Reconsideration Petitions Filed; League CEO Says Court Appeal Probable

NEWINGTON, CT, Mar 4, 2005--More than a dozen petitions for reconsideration have been filed in the wake of the FCC's October 14, 2004, Report and Order (R&O) adopting new Part 15 rules governing broadband over power line (BPL) deployment. They include the ARRL's Petition for Reconsideration, filed February 7. The FCC said this week that interested parties may file opposition comments ("oppositions") to the petitions within 15 days of the date of public notice of the petitions in the Federal Register, which has not yet occurred. Replies to oppositions must be filed within 10 days after the time for filing oppositions has expired. ARRL CEO David Sumner, K1ZZ, has expressed little confidence that the FCC will make any substantive rule changes in response to any arguments put forth in the petitions for reconsideration. In a March 1 interview with Marc Strassman of Broadband over Power Line World (BPLW), Sumner predicted that the BPL proceeding ultimately will wind up in court.

"Realistically, do we expect dramatic changes in the Commission's rules as a result of the reconsideration petitions?" Sumner asked in concluding the interview. "Probably not. So we're probably looking to the Court of Appeals before all the dust settles."

In the interview with Strassman, Sumner discussed the League's Petition for Reconsideration, which calls on the FCC to "reconsider, rescind and restudy" its unanimous adoption of the new Part 15 BPL rules last October.

Strassman also interviewed Associate Counsel Brett Kilbourne of the United Power Line Council (UPLC), an organization promoting BPL development that also filed a reconsideration petition. Among other things, Kilbourne conceded to BPLW that Amateur Radio complaints and concerns raised about RFI from BPL could hinder BPL roll-outs.

"Yeah, my concern is that you're going to have--whenever there's a deployment--people complaining automatically," Kilbourne said. "To the extent that does happen, that's going to discourage folks from getting into this space, I think."

In its reconsideration petition, the UPLC calls on the FCC to not require 30-day advance notice of BPL operations. It also wants the FCC to extend the 18-month transition period that applies to marketing or installation of equipment.

The various petitions for reconsideration came from BPL industry groups and proponents as well as from the League and other organizations and individuals concerned about BPL's interference potential. All petitions for reconsideration filed in the two BPL-related proceedings--ET Docket 03-104 and ET Docket 04-37--are available for viewing via the FCC's Electronic Comment Filing System (ECFS). Once the filing window opens, those wishing to file oppositions to specific petitions may use the ECFS to do so, but comments supporting one petition or another are not welcome, ARRL General Counsel Chris Imlay, W3KD, points out.

"Individual radio amateurs are welcome to file oppositions on any petition with which they have specific issues," he said, adding that commenters should support their points with facts and statements. "All statements should be specific to one or more arguments in a reconsideration petition with which the person filing an opposition disagrees," Imlay explained. "They should not simply say, 'I oppose this petition.'"

Among other reconsideration petitions were those filed on behalf of BPL manufacturers Amperion and Current Technologies; Donald G. Everist, a professional engineer; the National Antenna Consortium; Aeronautical Radio Inc; the American Petroleum Institute; the Association for Maximum Service Television; G. Scott Davis, N3FJP; W. Lee McVey, W6EM, a professional engineer; Steven E. Matda, KE4MOB, and Cortland E. Richmond, KA5S.

Imlay says the ARRL is reviewing all petitions for reconsideration filed in the BPL proceedings to see if any oppositions from the League will be required.

The GARZETTE

The GARZETTE is the official monthly organ of the Gwinnett Amateur Radio Society serving its members and other persons interested in the advancement of the amateur radio art.

Original articles, art, and photos are invited and encouraged. Previously copyrighted submissions cannot be accepted for reprinting unless permission from the appropriate publisher is provided in writing along with the information being submitted. If reprints are from publications allowing their unrestricted use, please include a copy of the printed permission contained in the publication.

If possible, bring your articles to the monthly meeting in Microsoft Word format or by email to wa4zxv@arri.net. Artwork can be accepted in most any graphics format and can be submitted via email to the same address. Alternate means of submittal can be arranged when necessary.

In keeping with the amateur radio spirit, permission is hereby granted for the reproduction of The GARZETTE articles by other amateur radio club newsletters provided that proper credit is given to the individual author and to The GARZETTE.

The GARZETTE is published each month with the assistance of Hal Manning, who prints the news letter. Rick Patchin, KD4RFK does the final production work on The GARZETTE by folding & labeling. John A. Davis, WB4QDX, stamps and gets the end product to the Post Office each month. Paul McInnish, K4BET who manages email delivery. Many thanks to each of them and all article contributors.

Deadline for submissions is the 20th of each month for inclusion in the following month's issue.
